THIS IS

ADVENTURE CRUISING

Peregrine Adventure Cruising is a new travel experience for open-minded, curious explorers seeking adventure at sea. Along with a small group of travellers, join your Peregrine local leader, captain and experienced crew to cruise the glittering waters of Croatia, walk along the crater of a dormant volcano in Indonesia, or alight to discover the conical roofs of Alberobello's iconic dwellings.

While you'll enjoy the same level of inclusions as a regular Peregrine adventure – like winery tours and guided walks – you'll also have time to relax and do things at your own pace.

Think of it as a classic Peregrine journey – but at sea!

ITINERARIES THAT INSPIRE

Cruise to isolated islands and tiny ports, stroll markets in seaside villages, swim in hidden coves and get a real insight into local living. Our small ships allow you to sail the sea less travelled, and we've designed our itineraries so you can access the out-of-the-way spots that the big ships can't.

SMALL GROUPS, PERSONAL CONNECTIONS

With fewer than 50 passengers on every Adventure Cruise, our groups are the perfect size for mingling at happy hour and really getting to know your fellow travellers. Smaller groups means more personalised service, like one-on-one chats with your leader about history, culture and food, or your favourite ice-cold beer handed to you by the bar manager at the end of a day of exploring.

IMMERSIVE CULTURAL EXPERIENCES

Enjoy expertly curated onshore experiences every single day during your trip, all with a focus on the local and authentic. With passionate and knowledgeable local leaders joining every voyage, you'll see well-known sites from a new perspective and discover hidden spots you've never heard of – but won't forget.

SPECIALISED SERVICE

We're right there with you to ensure your adventure is memorable for all the right reasons. Our expert local leaders facilitate incredible land experiences, while the ship's friendly crew make sure you have everything you need – from a room that's sparkling clean to a glass of sparkling wine – to enjoy your time on board.

A BOUTIQUE HOTEL ON THE WATER

Our vessels combine all the comfort and services of a boutique hotel with the freedom of the open water. Rest easy in your well-appointed cabin and wake to a different scene outside your window each morning. Enjoy panoramic views from the sun deck, spend time in comfortable lounges and spacious dining rooms, or dine al fresco underneath a sea of stars.

DINING WITH A LOCAL TWIST

Whether it's a barbecue on a deserted beach, the catch of the day cooked up by your onboard chef, or the gourmet breakfast that's served each morning, our culinary experiences are designed to complement your journey and help you to create memories you'll savour forever.

RESPONSIBLE TRAVEL

In 2018, we made our commitment to doing good official when we became part of the world's largest certified travel B Corp. Being a B Corp means we no longer merely strive to make a positive difference in the world, we are legally bound to it. Certified B Corps are companies that look after their staff, maintain a clean supply chain and take corporate social responsibility seriously. That means when you choose Peregrine, you can rest assured you're travelling to improve the planet.

Here are just some of the ways we do that:

CARBON POSITIVE ACTION

Any emissions created by the transport or accommodation used in our trips are offset through the purchase of carbon credits, as part of our decade-long commitment to being a carbon neutral business.

ANIMAL WELFARE

We're industry leaders when it comes to animal welfare – in 2014 we were the first global tour operator to end elephant rides on our tours.

ENDING MODERN SLAVERY

In 2016 we removed orphanage visits from our itineraries, and in 2019 we campaigned for laws that recognised orphanage tourism as a form of modern slavery.

COMMUNITY-BASED TOURISM

Responsible, community-based tourism is good for both travellers and locals. That's why we've worked with organisations like ActionAid in Myanmar to develop projects that empower communities.

Since 2002, The Intrepid Foundation has been offering travellers a tangible, transparent way to give back to the communities we visit. It's simple: you donate, we double your contribution, and then we give 100% of that money to a community-based project. Thanks to you, we've donated over AU $7 million to more than 130 local organisations around the world, helping to improve the livelihoods of vulnerable individuals and communities through sustainable travel experiences.

Find out how you can help at **theintrepidfoundation.org**

PHUKET TO PHUKET

9 days

Escape the tourists on an Adventure Cruise that takes in some of the most spectacular little islands off Thailand's west coast. Ko Surin Tai, Ko Phayam and Khao Lak offer all the hallmarks of Thailand's idyllic south – warm blue-green Andaman Sea, blinding white sands and marvellous limestone oddities – without the glitz and bustle of mainland Phuket.

Day 1 Phuket
Welcome to Phuket. On arrival, you will be transferred to your hotel for the night. Perhaps enjoy the night life of this lively beach area, or enjoy a quiet meal under the tropical stars. The choice is yours.

Day 2 Phuket
Enjoy a guided tour of the Old Town of Phuket before boarding the Panorama II in the late afternoon. Attend a welcome meeting and safety briefing to go over the finer details of your upcoming journey. Get to know your fellow travellers over dinner. Set sail at around 9 pm, heading for Khao Lak overnight.

Day 3 Khao Lak
Get your land legs back with a day of activities ashore. Make a poignant trip to the Ban Nam Khem memorial, which remembers those lost to the 2004 tsunami. Find peace for the remainder of the day on the long beach of Bangsak.

Day 4 Mu Ko Kam
Travel by longtail boat to Baan Talay Nok Village. Take a local-guided tour around the village, which was destroyed by the boxing day tsunami and subsequently rebuilt. You'll hear some eye-opening stories of survival and how the village has recovered.

Day 5 Mu Ko Kam
The Kam islands are undeveloped and rarely visited. Enjoy a day of beach and sea activities spent in these idyllic surroundings.

Day 6 Ko Phayam
Who could say no to another beautiful beach day, this time on the sands of Ko Phayam. Make the most of Ao Khao Kwai beach, strap on a snorkel, and complete the scene with a sumptuous barbecue on the beach.

Day 7 Ko Surin Tai
A Moken village makes for a fascinating visit today. This is the home of the Moken people, a seafaring ethnic group of Austronesian origin who still mostly live a semi-nomadic hunter-gatherer life, despite Thai and Burmese attempts to assimilate them into wider culture. Enjoy some local cuisine and a tour with a Moken guide. In the afternoon, enjoy some snorkelling and relax on the beach. Spend the night at anchor.

Day 8 Ko Surin Tai
Enjoy another day basking in the beauty of Surin Tai. Explore its incredible ecosystem with a snorkelling day trip. Otherwise, enjoy the sun and sand of this beautifully remote location. In the evening, return to the vessel for a captain's dinner, where you can toast to your journey so far.

Day 9 Phuket
Disembark after breakfast.

EXTEND YOUR VOYAGE

Carry on your cruising adventure by adding on our Phuket to Penang voyage, making a 16-day exploration of Thailand and Malaysia's west coast. See page 14.

After an active morning, find a quiet beach for a swim and some time to relax. Sail overnight to Moyo Island.

Day 7 Moyo Island

GALAPAGOS
ISLANDS

Remote, rugged, and for the most part uninhabited – it's clear why Darwin called the Galapagos Islands 'a little world within itself'. Hike through a forest of prickly pear cacti under the watchful eyes of yellow-skinned iguanas. Wander among giant Galapagos tortoises in the shade of lush scalesia forest. Feel sands of black, red and white between your toes. Dive into clear waters and let curious sea lions swim rings around you.

There's never been a better time, or a better way, to visit this enchanting archipelago.

WHAT TO KNOW

BOUTIQUE EXPEDITION CRUISING

We know that after active days spent snorkelling with sea lions and walking over lava flows you want a place to relax, not just rest. Our custom-built motor cruiser the Grand Queen Beatriz, launched in July 2018, has a maximum capacity of 16 passengers – meaning it is compact enough to access the archipelago's nooks and crannies, while remaining spacious and comfortable. For more information visit peregrineadventures.com/grand-queen-beatriz.

MEALS

Healthy, generous meals are prepared three times a day by the onboard chef – dietary requirements should be mentioned at the time of booking. Tea, coffee and purified water are always complimentary, and soft drinks and alcoholic beverages can be purchased at the bar (simply pay your tab at the end of your trip). You will receive a reusable water bottle on arrival that you can take with you when you leave.

PERMITS

In order to protect this fragile ecosystem, Galapagos National Park authorities restrict visitors to each site by issuing permits to every visiting vessel. These determine which sites can be visited each day, and when. This means you'll get to see more of the wildlife you've come here for without vying for space among boatloads of tourists.

LUGGAGE

Luggage limits apply to the flight to and from the Galapagos Islands. We suggest leaving non-essential items in the secure hotel storage in Quito.

TIPPING

If you enjoy the services of your guide and crew, leaving a tip at the end of your journey is considered appropriate. For logistical and cultural reasons, this is an optional expense and not incorporated into your trip price.

SNORKELLING GEAR

Snorkelling equipment (mask, snorkel and flippers) and wetsuits are available in a range of sizes at no charge.

NATIONAL PARK AND PORT FEES

A transit card fee of USD 20 is to be paid prior to departure from Quito Airport and a national park fee of USD 100 is to be paid on arrival on the Galapagos Islands. These fees are to be paid locally in cash and are not included in the trip price. Trips visiting Isla Isabela incur a USD 10 port fee payable on arrival.

CRUISE DIRECTOR

Each of our Galapagos cruises are overseen by a specialist Peregrine Cruise Director. While the captain steers the ship, the cruise director is on board to keep the rest of the journey running smoothly. From the moment you're welcomed aboard until you get on your airport transfer, you'll be in capable hands.

7 days

Day 1 Quito Arrive in Ecuador's gorgeous capital and transfer to your hotel.

Day 2 Isla Santa Cruz Fly to Isla Baltra, transfer to your vessel and settle in to your cabin. Get to know the crew, your fellow travellers and your naturalist guide over lunch. You'll also encounter a gathering of male sea lions either too young or too old to be beachmasters!

Day 4 Isla Espanola Spot waved albatross, marine iguanas and a variety of boobies on Isla Espanola. Visit the white, sandy shores of Bahia Gardner, the perfect place to unwind and take a cooling swim. Walk to the cliffs of Punta Suarez, where you can watch albatross use the bluffs as a 'runway', getting airborne on the southeast winds that blow across this part of the island.

GUARANTEED DEPARTURES

All of Peregrine's tours are guaranteed to depart (subject to the standard terms and conditions), so you can confidently arrange your time away from home, flights, and other travel, safe in the knowledge the trip will run as scheduled. We encourage you to book your adventure as early as possible, particularly during peak seasons.

One thing we've learned is that you never outgrow adventure – the spirit that drives you to get out there and see the world.

Whether it be a small-ship cruise around Iceland or a tour through the heart of Cuba, we're all for premium adventures. For us, that means embracing the spirit of adventure through a more immersive cultural journey. Peregrine delivers more than 350 unique itineraries in over 80 destinations across the globe.

Looking for more adventure?

Peregrine also offers a number of small-ship tours that take you to the most remote parts of our world – a terrain ruled entirely by nature. See walruses, penguins and polar bears playing in untouched surrounds, and the magnificent natural wonders of fjords, icebergs and the aurora of the Arctic and Antarctica.

The air may be cold and the environment harsh, but after getting your fill of the sights and sounds you'll have our comfortable ships to call home. With highly trained and responsible leaders to guide and educate you along the way, your polar experiences will be informative, exhilarating and – most of all – life-changing.
