What Guests are Saying...

"This was the best and most relaxing vacation we ever had. It was the perfect amount of activities and private time to take in the beauty. We were blown away by the crew and want to take them all back to Florida. They are truly a magnificent group of people."

– Earl & Karen D., Florida

"One wonders at expensive experiences: will they be worth it? It wasn't a day or two after we embarked that the cost was forgotten. Indeed, it was worth more! The amenities, service, food and drink, and above all, the incredible and astonishing crew."

– Lionel E., Washington, DC

"I was somewhat nervous about staying on a boat with people I have never met before, especially for a week. However, I couldn't have met nicer people! I loved this experience and couldn't have asked for more! Truly wonderful, wouldn't have traded it for the world!"

– Natalie S., Georgia

"We have been on other five-star vacations and your landscape far exceeds any other location."

– John P., Pennsylvania

"This cruise was a dream come true for myself and my 7-year old son. We loved every minute. The excursions were great and educational. I wouldn't change a thing."

– Susan W., Ohio

"Spectacular scenery, great wildlife viewing, comfortable ship, fabulous food, and a most attentive and knowledgeable staff that catered to our every desire. Perhaps, best of all, a super group of traveling companions, now new friends we hope to see again."

– Ann & Fred K., Hawaii

"We are still on our Alaska cruise high. Thank you for an unbelievable adventure! The un-cruise really struck home with us and the staff, wow! It will be hard to top this one, but we can unconditionally recommend your trip."

– Dale G. & Fred R., Park City, UT

"Meeting the people of these (Hawaii) islands was very special. The relationship between your crew and the local families was something I will never forget."

"Our family was blown away by InnerSeas' staff and the whole experience—uniquely yours to claim. Having traveled the globe, we found your people universally beautiful and warm. All I can say is thank you for making this adventure possible."

"One of the most superb cruising experiences I've come across in the last twenty years."

– Bill P., Power and Motoryacht Magazine

"The crew went out of their way to make sure we viewed glaciers, so many whales, orcas, salmon and eagles, and to understand what we can do to contribute to the sustainability of life on this planet."
