

## Summary

Embarking at the Fremantle port in Western Australia will be such a wonderful and exciting experience. This location will provide an amazing atmosphere of dignitaries, special guests, marching bands and entertainment with all their colour and spectacle of the ship leaving port. The cruise will then sail down to the town of Albany. This is the original location where Australian soldiers embarked from and the beginning of their journey to Gallipoli.

With stops in Colombo, Luxor, Cairo, Kusadasi, Canakkale, Istanbul, Santorini, Athens, Palermo, Naples & Rome, this trip will allow guests the pleasure of seeing many other parts of the world. The cruise will include excellent day tour options to ensure that all of the best sightseeing attractions are covered in each location.

Most importantly the cruise ship will arrive to Gallipoli on the 19th & 20th April so that guests can see all the sights of the area without the crowd. The ship will return for ANZAC Day to be involved in the celebrations of our 100th anniversary on the 25th April.

Our clients will have the luxury of the ship at all times and the assistance of well trained staff, war historians and a mixture of Australian entertainment. We will present a wonderful ANZAC theme on board which will be a feature of the voyage.
