Travel in Great Company

For more than thirty-five years, Adventure Canada has been taking people to some of the most inspiring destinations on the planet. And we've been doing it in the company of some of the most inspiring folks around!

By travelling with local experts, cultural educators, learned scholars, scientists, artists, and expedition specialists, we hope to help our guests open their minds and hearts. We know we've succeeded when our guests become ambassadors for the places we visit, the cultures we get to know, the animals, and the environment we appreciate along the way—and the planet itself!

We build our expedition team around the knowledge and experience of a team of cultural educators, many of whom call the regions to which we travel their homes. With their guidance, we gain locals' perspective while giving back to communities.

Adventure Canada always has been and always will be a family operation and a close-knit team. Now in our second generation of management, we carry on the tradition of excellence and community fostered by our founders. We believe in the transformative power of nature and fostering a sense of fun and wonder. We value meaningful cultural exchange. Our team thrives on having a hands-on involvement and our owners can be found on almost every expedition.

Regenerative Travel

Adventure Canada's vision is a world where travellers are ambassadors for the future, the climate is balanced, oceans are clean, and people are well because of tourism—not despite it.

We believe travel can make the world a better place. Imagine a planet with a healthy climate, healthy environments, healthy cultures, and healthy communities. We're working towards building this reality through our ongoing goals.

Our Commitment

We commit to becoming carbon neutral.

We commit to achieving net zero waste operations.

We commit 30% of our corporate giving towards cultural preservation and revitalization projects.

We commit to building equitable employment opportunities and growing local businesses.

We know these ambitious initiatives require a long-term vision, and we're dedicated to seeing them through. We invite you to read more about our regenerative travel initiatives on our website and follow our progress in our annually published reports. advcan.ca/reg-travel

TRANSFORM the Way You See the ***World***

*Wherever you journey with us,
you can always expect to travel
with purpose. Satisfy your
curiosity. Immerse yourself in
local culture. Bear witness to
stunning vistas. Cherish the
joy of being out on the water.
Experience the transformative
power of nature.*

Encounter wildlife in pristine natural environments

Our expert guides take you to where you're most likely to see abundant and elusive wildlife: whales and seabirds in Atlantic Canada and North Atlantic Europe, and muskox, seals, and polar bears in the High Arctic.

Immerse yourself in local culture and tradition

No matter where you go with us, you'll always travel with local guides who know the place best and can share their cultures with you firsthand. You'll do more than just drink whisky in Scotland, kiss the cod in Newfoundland, or watch throat singing in Nunavut.

Enrich your knowledge of the places we visit

Our expedition team members are warm, friendly, and approachable individuals who will help you in and out of a Zodiac or tear it up on the dance floor. Presentations, hands-on workshops, guided hikes, and hosted dinner tables are just some of the ways you'll learn more about where we're travelling.

See stunning vistas seldom visited

Our expeditions take you to hard-to-reach destinations that are best explored by small ship. Explore beautiful and rugged Arctic waterways where Inuit have called home for generations. Or kick up a jig at kitchen parties in remote Atlantic fishing villages.

Experience the joy of being out on the water

By Zodiac, we search for wildlife, cruise amongst icebergs, explore natural and historic sites, visit welcoming communities, and meander dramatic coastlines. Our goal is to get off the ship as often as possible so that you can experience the environment to the fullest.

Be part of a community of like-minded travellers

Get involved with the unique mix of entertainment and camaraderie onboard. Meet interesting folks with similar interests and fascinating life stories, make new friends, and travel in great company.

Choose the activity that suits you best

Make the most of your expedition with activities tailored to your preferences: from hiking and community visits to wildlife viewing and historic site tours. Join on-board education sessions, relish the fresh air on deck, or relax with a book from our library.

Make a difference

As part of our regenerative travel plan, we champion community-driven initiatives. Your trip fare directly supports the positive work undertaken by communities and our partners: capacity building, language revitalization, habitat protection, and more. Make a positive impact by travelling with Adventure Canada.

Day 1: Reykjavík, Iceland

Begin Your Adventure

Your journey begins in the late afternoon, following a day of independent exploration and arrival in the captivating city of Reykjavík. Iceland's cosmopolitan capital was established in the year 874 CE.

The National Culture House preserves treasures like the Poetic Edda and the Norse Sagas in their original manuscripts.

Day 3–5: East Greenland

Witness Fjords, Icebergs, and Whales

their extensive knowledge and insights. Join them out on deck to keep a keen eye out for iconic Arctic wildlife, including the polar bears, seals, and hump-back whales. Learn from their expertise as they provide fascinating interpretation and help you gain a profound connection to the stunning landscapes we traverse.

Day 6: Ikerasassuaq (Prince Christian Sound)
Marvel at Mountains and Glaciers

Make the most of your time out on deck, as our experts scout for opportunities to go ashore along this breathtaking landscape.

Soak in the breathtaking beauty of one of the world's most majestic waterways, Ikerasassuaq (Prince Christian Sound), where the Irminger and Labrador Seas join through the islands of the Cape Farewell Archipelago. Here, craggy mountain peaks tower over still waters fed by calving glaciers.

Day 7: South Greenland
Visit Kujataa UNESCO World Heritage Site

Pay a visit to the Kujataa UNESCO World Heritage Site, where Norse settlement history intersects with contemporary Greenlandic life.

Along its southern coast, Greenland lives up to its name; the land is fertile, agriculture thrives, and farms and vegetable husbandry contrast with the ice that covers so much of the rest of the country.

Discover Greenland's only heated outdoor spa with complete views of icebergs and mountain peaks. This hot spring has been cherished for centuries, with a notable tale about Leif Erikson who, a thousand years ago, took a refreshing swim before embarking on his journey towards uncharted lands to the west.

Unlike volcanic hot springs, this oasis gets its warmth from geothermal subsoil. As the soil layers rub against each other in the spring, the water is heated, reaching temperatures of around 38 degrees Celsius (100 degrees Fahrenheit).

Day 8: Hvalsey
Immerse Yourself in Viking Archaeology

Walk amongst the ruins of captivating history! Learn more about the settlement at haunting Hvalsey, a major Norse centre in the early centuries of the last millennium.

Hvalsey Church is the best-preserved Norse ruin in Greenland—the last known record from the original Norse colony is of a wedding held here in September 1408!

Day 9: Brattahlíð
Tour a Reconstructed Norse Settlement

Visit fascinating Brattahlíð, a UNESCO World Heritage Site in the most fertile region of Greenland.

Walk amongst a reconstructed Norse church and Viking longhouse to fully immerse yourself in the experience.

It was once the home of Viking explorer Erik the Red and his descendants until the 1400s. Today, Greenlandic Inuit run the sheep farms originally worked by Norse settlers.

Day 10: Sermersooq Enjoy Birdwatching and Zodiac Cruising

Explore the Sermersooq region of Greenland by Zodiac or by foot, as landing conditions permit.

Here you'll find a stunning myriad of mountain peaks, glaciers, and deep fjords, with records of human habitation that stretch back over 1,500 years.

Keep a look out for nattoralik (white-tailed eagles), seabirds, and marine mammals while you enjoy the lush vegetation of southwest Greenland.

Day 11: Nuuk Visit Museums, Shops, and Cafés

Stop in at vibrant Nuuk, the capital of Greenland. Visit the Greenland National Museum, one of the city's many outstanding features, where the world-famous Qilakitsoq mummies rest.

The old harbour includes many buildings dating from Danish colonial days, while contemporary Nuuk is known for art, shopping, pubs, and cafés.

Day 12: Kangerlussuatsiaq Fjord (Evighedsfjorden) Take a Zodiac Cruise at the Foot of a Glacier

Kangerlussuatsiaq means "the rather big fjord" in Greenlandic, while the Danish name Evighedsfjorden translates to "the fjord of eternity," underscoring its vastness and seemingly never-ending nature.

See why Kangerlussuatsiaq Fjord lives up to its name and marvel at this complex coastal waterway that includes calving glaciers, sheer bird cliffs, and streams cascading against a towering mountain backdrop.

Explore this sublime glacial landscape by ship and by Zodiac.

Kangerlussuaq, the settlement at the head of the fjord, is a former US Air Force base.

Day 2: Kangerlussuaq Fjord

Take a Zodiac Cruise at the Foot of a Glacier

Kangerlussuaq means “the rather big fjord” in Greenlandic, while the Danish name Evighedsfjorden

translates to “the fjord of eternity,” underscoring its vastness and seemingly never-ending nature.

Day 5–6: Ungava Bay

Enjoy Fantastic Birdwatching

Pay a visit to uninhabited Akpatok Island, the biggest island in Ungava Bay at over nine hundred square kilometres.

It's named for the akpait (thick-billed murre) that nest on ledges of the lofty cliffs and is home to Canada's largest colony of breeding pairs.

Take a Zodiac cruise to scout the shorelines and any outlying ice, keeping your eyes peeled for polar bears, walruses, and other marine life.

Large and shallow, Ungava Bay is a rich ecosystem and home to a variety of wildlife, including an endangered beluga population.

Day 7–8: Ungava Peninsula, QC

We'll make the most of every opportunity to explore whether on foot or by embarking on a Zodiac cruise amidst stunning backdrops, as we search for the wildlife that call this region home.

Day 11: Kimmirut (Lake Harbour)

Experience Inuit Culture

Kimmirut means “the heel” in Inuktitut, referring to an outcrop of marble across the bay, but you may also know this hamlet as Lake Harbour.

Thanks in part to its sheltered setting, this is among the oldest permanently inhabited spots on Baffin Island, with a storied legacy as a Hudson's Bay Company trading post, a producer of Inuit jewellery and ivory scrimshaw art.

Immerse yourself in the vibrant culture and rich history of the community as you connect with friendly locals. They'll regale you with captivating stories and lead you to enchanting sites such as the old Anglican church, the RCMP post, the original Hudson Bay post, the Co-op, and Northern stores.

On this exploration day, we'll be making the most of what the wind, weather, and wildlife have to offer. Our expedition team will scan for polar bears, walrus, whales, seals, and seabirds as we go.

This is an excellent time to enjoy workshops, watch a documentary, or get out on deck. Keep your binoculars ready for minke and humpback whales,

as well as the seabirds that are sure to mark our passage.

Indulge in the unique opportunity to learn from Inuit in their homeland, gaining a better understanding of the daily lives of the regions we visit. Enjoy cultural performances and maybe even participate in Inuit games, or sample country food.

Through shared experiences and interactions, develop a deep appreciation for the region's vibrant culture and gain a connection to the stunning landscapes we traverse.

Day 13-14: Northwest Greenland
Hike the Tundra

We will explore stunning fjords that line the coast. Glaciers and icebergs abound here. In true expedition style, we will seek opportunities to hike, explore, and view wildlife as conditions allow.

Whether you're setting foot on land, cruising by Zodiac, or out on the ship's deck, you'll have plenty of chances to learn alongside expert geologists, naturalists, and marine biologists. You'll gain an intimate perspective on the abundant flora and fauna you encounter.

Inuit cultural educators, which will deepen your connection to this breathtaking landscape.

Day 15: Ilulissat
Take a Cruise Around Towering Icebergs

Experience the remarkable beauty of Ilulissat Icefjord, renowned for its enormous icebergs. Ilulissat means “iceberg”—an apt name for this site at the outlet of the Sermeq Kujalleq glacier. It is a UNESCO World Heritage Site and the source of many of the icebergs in the North Atlantic.

Marvel at the sheer grandeur of the towering ice formations as you take a stroll along the boardwalk—truly a sight to behold! Visit the town, with its museums, charming cafes, craft shops, and bustling fishing harbour. Be sure to make your way to the Ilulissat Icefjord Centre, where you can delve into the fascinating narratives surrounding the ice and gain a deeper appreciation for this awe-inspiring natural wonder.

Day 16: Sisimiut Coast
Witness Stunning Glaciers, Islands, and Fjords

Explore West Greenland’s complex coastal waterways that includes glaciers, islands, and fjords against a towering mountain backdrop, with plentiful opportunities for hiking and Zodiac cruising.

Learn about the Saqqaq, Dorset, Thule, and modern Inuit cultures that have called the Sisimiut region home for the past 4,500 years.

The waters are relatively warm here, due to the West Greenland Current and the subarctic location.

Day 17: Kangerlussuaq, Greenland
Cross the Arctic Circle

Kangerlussuaq Fjord (Søndre Strømfjord) is one of the longest fjords in the world and boasts 190 kilometres of superb scenery. We end our adventure by sailing up this dramatic fjord.

Kangerlussuaq, the town at its eastern head, is a former U.S. Air Force base. Here we will disembark for our return charter flight to Toronto, ON.

Itinerary

Day 1: Kangerlussuaq, Greenland

Cross the Arctic Circle

Sail out of Kangerlussuaq Fjord (Søndre Strømfjord), a 190-kilometre-long fjord surrounded by mountains and glaciers. Cross the Arctic Circle and spend time on deck watching for aurora borealis.

After your charter flight from Toronto, ON, you'll transfer to the ship by Zodiac.

Day 2: Kangerlussuatsiaq Fjord (Evighedsfjorden)

Take a Zodiac Cruise at the Foot of a Glacier

Kangerlussuatsiaq means “the rather big fjord” in Greenlandic, while the Danish name Evighedsfjorden

translates to “the fjord of eternity,” underscoring its vastness and seemingly never-ending nature.

See why Kangerlussuatsiaq Fjord lives up to its name and marvel at this waterway that includes calving glaciers, sheer bird cliffs, and streams cascading against a towering mountain backdrop.

Day 3: Nuuk

Visit Museums, Shops, and Cafés

Stop in at vibrant Nuuk, the capital of Greenland. Visit the Greenland National Museum, one of the city's many outstanding features, where the world-famous Qilakitsoq mummies rest. The old harbour includes many buildings dating from Danish colonial

days, while contemporary Nuuk is known for art, shopping, pubs, and cafés.

Day 4: At Sea — Davis Strait

Learn From Inuit in Their Homeland

Deepen your understanding of the environment, cultures, and history of the region as we sail across the Davis Strait towards Labrador. Get the privileged opportunity to engage with and learn from Inuit in their homeland.

Enjoy workshops and presentations, watch a documentary, and get out on deck! Try your hand at athletic feats during an interactive cultural performance of Inuit games.

Through shared experiences and interactions, develop a deep appreciation for the culture and gain a connection to the stunning landscapes we traverse.

Keep your binoculars ready to spot whales and seabirds who follow in our wake.

Day 5-8: Torngat Mountains National Park,
NL, Canada

Hike the Mountainous Tundra and Spot Wildlife

Spend four days exploring an area of treeless, mountainous tundra in Torngat Mountains National Park, where some of Canada's highest peaks east of the Rockies are found.

Enjoy your time hiking, visiting archaeological sites, and Zodiac cruising. Here, Inuit of Nunatsiavut will be your guides in their spiritual homeland.

Inuit of Nunavik and Nunatsiavut play a key role as partners in the management of Torngat Mountains National Park.

Many see the park as a portal for better understanding of Inuit culture. The word Torngat is derived from the Inuttut word tongait, meaning “place of spirits,” where Inuit shamans travelled to connect with higher powers. It is not hard, even for a visitor, to feel the power of the place.

Also be on the lookout for marine mammals, polar and black bears, caribou, falcons, and eagles.

Day 9: Hebron

Ponder Poignant History

Step back in time to the historical site of Hebron, which preserves a Moravian Mission station dating from the 1830s.

Call in at the old church, which is where Inuit who resided here in 1959 learned they would be forced to relocate.

©Dennis Miny

Take a moment to read the plaque that commemorates this history and the apology to people affected by the relocations, issued by the government of Newfoundland and Labrador in 2005.

Listen to the stories shared by our guides and meet former Hebron residents and their kin who continue to visit the site and to hunt and fish nearby.

Day 10: Nain **Experience Inuit Culture**

Visit Nain, the most northerly community in Labrador and the administrative capital of Nunatsiavut. Stop in at the historic Moravian church, enjoy the brass band, and visit Illusuak, the stunning cultural centre. Expect a warm welcome and the opportunity to peruse arts and handicrafts at this dynamic visit.

This will be your first chance to see trees since the start of your journey!

Day 11-12: The Labrador Coast **Enjoy Hiking and Zodiac Cruises**

Explore the southern Labrador coast, where you'll find a diverse geography of coastal barrens, high subarctic tundra, high boreal forest, mid-boreal forest, string bog, and islands.

We'll make the most of every opportunity to hike and Zodiac cruise alongside our expedition team. With their expert guidance, every step of your journey will be filled with insightful interpretation, allowing you to truly appreciate the beauty and significance of the landscapes you encounter.

Choose the activity you prefer during expedition landings in this beautiful and quiet region.

Day 13: L'Anse aux Meadows **Immerse Yourself in Viking Archaeology**

Wander through the reconstructed Viking habitation at L'Anse aux Meadows, a UNESCO World Heritage Site and the only authenticated Norse settlement in North America. Learn more about the archaeological remains that date to approximately 1000 CE, and how—amazingly—the site was first found here in 1960 by a close reading of the Viking sagas.

Be sure to visit the superb interpretation centre and meet the actors in period costumes as you make your way through the reconstructed Norse-style sod buildings. This is a must-see for any visitor to Newfoundland and Labrador!

Day 14: Terra Nova National Park
Marvel at Breathtaking Vistas in Terra Nova National Park

Explore the wonders of Canada's most easterly national park, where the land meets the sea in a stunning display of natural beauty.

Make your way to the park's visitor centre and dive into the mysteries of the ocean through touch tanks, marine exhibits, and aquariums. Located along the Newman Sound portion of the Terra Nova Migratory Bird Sanctuary, the visitor centre offers the perfect vantage point to spot fascinating shorebirds in their natural habitat.

Take a stroll along one of the park's scenic trails accompanied by our expert expedition team who

will offer interpretations of the surroundings. Marvel at the vibrant colours and intricate details of this extraordinary destination, where nature's power and beauty come together in perfect harmony.

Day 15: St. John's, NL, Canada
Wave a Fond Farewell

Welcome to St. John's—the vibrant capital of Newfoundland and Labrador. Complete your journey by sailing into historic St. John's harbour, looking out for Signal Hill as you enter the world-famous Narrows.

Say your farewells in this cultural hotspot and what is sometimes called North America's oldest city.

Itinerary

Day 1: St. John's, NL, Canada

Begin Your Adventure

Welcome to St. John's—Newfoundland's historic, vibrant capital. Sailing out of the port of St. John's, Signal Hill keeps watch as we exit the world-famous Narrows.

Day 2-3: Northeast Coast

Visit Picturesque Villages and Charming Communities

The northeast coast of Newfoundland is known for the dozens of picturesque villages that dot its rocky

shores, and we'll find harbour in one of these unique communities. We look forward to a characteristically warm Newfoundland welcome upon our arrival. Photographers will have their work cut out for them, capturing all the special charm of classic island communities and stunning coastlines.

Day 4: L'Anse aux Meadows

Immerse Yourself in Viking Archaeology

L'Anse aux Meadows, a UNESCO World Heritage Site, is the only authenticated Norse settlement in North America. The archaeological remains

found here in 1960 date to approximately 1000 CE. Amazingly, the location was first established by a close reading of the Viking sagas.

Today, a superb interpretation centre and several reconstructed Norse-style sod buildings make L'Anse aux Meadows a must-see for any visitor to Newfoundland and Labrador.

Day 5: Red Bay Soak in Basque Whaling History

The Red Bay Basque Whaling Station became a UNESCO World Heritage site in 2013. Basque whalers operated out of the Red Bay harbour in the 1500s: North America's first export industry.

The interpretation centre at Red Bay is excellent.

Here we find tools, personal items, and navigational instruments recovered from the wreck of the whaling ship San Juan. The ship was lost in a storm in 1565 and found centuries later submerged in the harbour. We'll visit nearby Saddle Island to learn the history of the whaling industry.

©Dennis Minty

Day 6-7: Gros Morne National Park & Woody Point Hike through Incredible Geology

Gros Morne National Park's Tablelands, a six-hundred-metre plateau, form one of the world's best examples of exposed mantle. Normally found below the Earth's crust, the mineral-rich rocks support very little life, making the Tablelands an eerie landscape.

We will offer various walking and hiking options here. Views of Bonne Bay are spectacular. Gros Morne's interpretation centre is excellent and the town of Woody Point is a delight to explore.

Day 8-9: Southern Coast Explore Scenic Coastlines and Remote Outports

The wild and windswept coast of southern Newfoundland is home to a few remaining outport communities. Visits here are often a highlight of our journey.

There are many choices of unique bays and coves to explore via Zodiac or land excursions. Along the coast, the geology is outstanding, and the plant life is gorgeous. We'll be on the watch for wildlife, too. We'll make the most of every chance to explore this beautiful and remote coast.

©Dennis Minty

Day 10: Miawpukek (Conne River) Experience Mi'kmaw Culture

The First Nations community of Miawpukek became a permanent settlement sometime around 1822. Before then, it was one of many semi-permanent camps used by the Mi'kmaw people—who had traditionally travelled nomadically throughout the east coast of Canada.

©Dennis Minty

Since its establishment as a reserve in 1987, Miawpukek has successfully bridged traditional knowledge and contemporary practice. We will receive a formal welcome from local leaders and have a chance to explore this special community.

Day 11: Saint-Pierre, France Visit European Shops and Cafés

Explore Saint-Pierre, a last bastion of France's colonial territories in North America. The colourful and charming shops and residences of the town of Saint-Pierre reveal its unique historical character.

French food, wine, clothing, and culture are all on offer here. The sweets at the local cafes and bakeries are in high demand.

Day 12: St. John's, NL, Canada Wave a Fond Farewell

On the final day of our expedition, we sail back through the Narrows and into St. John's harbour. We will say our farewells and the expedition team will be on hand to assist you with luggage and transportation arrangements.
