WARM AUSTRALIAN HOSPITALITY

UNIQUELY DEEP CONNECTIONS

THE WILD WEST COAST
FOR TRUE EXPLORERS

Australia's west coast is home to some of the country's most extraordinary wonders – many are only accessible by sea. Explore this endlessly fascinating destination on a small ship and cruise in true expedition style to remote archipelagos, offshore coral reefs and remote coastlines that few have the opportunity to visit. Our knowledgeable Expedition Team and Guest Lecturers share expert guidance and insightful presentations into these far-flung destinations, enhancing the expedition cruise experience while helping to create memories to last a lifetime.

Our voyages offer true explorers the opportunity to visit natural destinations that are unlike anywhere else in the world. Encounter endemic marine species, spot native animals, and birdwatch in Important Bird Areas. After a day spent exploring, enjoy our warm Australian hospitality and the intimate and relaxing atmosphere onboard.

Voyage Series

- **Abrolhos Islands & The Coral Coast**
  12 Nights | Departs Broome & Fremantle
  Departs Feb, Oct & Nov 2027
- **Ningaloo & The Rowley Shoals**
  12 Nights | Departs Broome
  Departs May & Jun 2027
- **Whales & Trails of Western Australia**
  12 Nights | Departs Fremantle
  Departs Oct 2027

Expedition Note

These are expedition itineraries covering remote regions. Your Captain and Expedition Team will make changes to the daily schedule when necessary to maximise your experience. These itineraries are indicative - some variation may occur due to weather conditions, safety or local community requirements.

We recommend that you arrive at the embarkation port on the day prior to departure and schedule your own travel arrangements for the following disembarkation due to unexpected changes that may occur in scheduling.

WHY CHOOSE CORAL EXPEDITIONS

Our fleet of three specialised expedition ships and tenders take guests to some of the most beautiful, yet undiscovered islands and coastal regions of the world. Our guests are attracted by our relaxed small ship atmosphere and itineraries larger ships cannot replicate.

At a time when the cruise industry is moving to larger and less personal ships with more gimmicks, we have purposefully limited the size of our ships to maximise the expedition experience. Our cuisine is prepared in small batches from our onboard galley using quality Australian produce and wine. We operate to high Australian standards of safety with qualified Australian crew wherever we go. We were the first to offer interpretive programs reflective of the destinations we visit and to employ Expedition Leaders, Guest Lecturers, Marine Biologists, and SCUBA Instructors – a tradition that continues today.

- **We focus on the destinations.** Connecting guests with nature, culture, and heritage with more time ashore in remote natural areas away from the crowds.
- **A true expedition ethos.** Small ships mean fewer guests and more intimate and personal encounters along the way. We have deep respect and strong connections with the places we visit and maintain flexibility in our planning to make impromptu stops if extraordinary opportunities in nature present.
- **Warm Australian hospitality.** Our all-Australian crew are passionate and proud to share the adventure with you. Always attentive and caring with a friendly and approachable style in keeping with our Australian values.
- **Purpose-built ships.** Designed for tropical expedition access, our fleet is comfortable, safe, and manoeuvrable, enabling you to get in shallow and close to nature with ease where other operators cannot. Plenty of wide-open public spaces and all outward facing cabins connect you with the destination.
- **Our unique Xplorer tenders.** The safari jeeps of the sea; our Xplorers enable guests to safely and easily access excursions into remote rivers, reef systems, and isolated beaches. All guests get out on excursion at once with no queues or waiting. Shade canopy to protect from the tropical sun, comfortable seats, open sides and audio systems enhance the journey. These are supported by Zodiacs along the way.
- **Local expertise that is unrivalled.** Our expert guides and local crew have decades of experience to draw on regarding the tides, the charts, and the seasons. We get you to the right place at the right time and always explore in a respectful and caring manner.
- **All inclusive.** Your cruise fare covers everything that matters most including excursions, activities, meals and drinks, expert guides, taxes, and fees. Unpack once and then simply relax and enjoy the experience.
- **Our service and care.** Our friendly staff and crew have one focus – to help you enjoy the trip of a lifetime. We will always be willing to assist and with genuine care that is part of our culture.

This is true expedition cruising. At Coral Expeditions, we have built our reputation on offering a truly immersive and authentic expedition cruise experience. It is more relevant today than ever and sets us apart from the pack.

ABROLHOS ISLANDS & THE CORAL COAST

12 NIGHTS | BROOME & FREMANTLE

FEBRUARY, OCTOBER & NOVEMBER 2027

Expedition Highlights

- Discover the fascinating history and natural wonders of the Abrolhos Islands, as you swim near friendly sea lions, snorkel over the fringing reefs and visit Liddon pearl farm.
- Explore World Heritage Shark Bay with visits to Francois Peron National Park, to discover the history and abundant wildlife of this region.
- Discover World-Heritage listed Ningaloo Reef with a snorkel at Turquoise Bay, and explore Cape Range National Park on a tour from Exmouth.
- Discover sites of cultural significance to Indigenous Australians, including the Dampier Archipelago petroglyphs, with expert interpretation.
- Learn about the coast's fascinating maritime history – the wrecks of the *Barque Stefano*, the *Tryall* near the Montebellos, and the *Batavia* at the Abrolhos.
- Birdwatch at the Montebello Islands, known for their large populations of nesting seabirds, and spot numerous bird species throughout your voyage.

ITINERARY: 12 NIGHTS > BETWEEN BROOME & FREMANTLE

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience. This itinerary includes two days at sea.

DEPART BROOME OR FREMANTLE

Board in Fremantle at 8:00am for a 9:00am departure.
Board in Broome at 4:00pm for a 5:00pm departure.

DAY AT SEA

Relax on deck as we spend a day at sea, with onboard presentations from our Guest Lecturers, workshops, and demonstrations.

DAMPIER ARCHIPELAGO

The 42 islands and islets of the Dampier Archipelago are iron-red, in bright contrast to the turquoise waters which surround them. With exceptional natural beauty and significant National Heritage Listed sites, the region offers an extraordinary expedition experience. The Yaburara people have lived here for thousands of years, evidenced by historic rock engravings and shell middens.

Search for ancient Aboriginal petroglyphs, swim in the vibrant blue water or relax on a leisurely kayak. Look for native wildlife – the largest hawksbill turtle rookery in the Indo-Pacific region is close by and we may spot the elusive Rothschild's rock wallaby. Birdwatchers will have the opportunity to see several species of migratory waders as well as sea eagles and ospreys.

MONTEBELLO ISLANDS

More than 250 limestone islands and islets off the coast of the Pilbara, the Montebello Islands are an Important Bird Area, supporting significant populations of fairy and roseate terns.

The islands have an 'explosive' past - Alpha and Trimouille Islands were the site of British atomic weapons tests in the 1950s, and relics of these operations can still be found on the islands, which are now a wildlife haven. Spend a day exploring - swimming from the beach, visiting the atomic Ground Zero and spotting wildlife including the rufous hare-wallaby and lagoon rays.

MUIRON ISLANDS

The Muiron Islands are well known for their incredible reef, with a variety of dive sites on offer, including swim-throughs and ledges where nudibranchs, eels and angelfish hide. Discover a variety of colourful soft corals, an abundance of turtles, schools of fish and sightings of manta rays. Birdlife is abundant onshore – spot wedge-tail shearwaters, roseate terns, osprey, and black-shouldered kites. After in-water activities, stretch your legs on a stroll down the beach on these untouched islands.

EXMOUTH & CAPE RANGE NATIONAL PARK

Ningaloo Reef's deep waters, reef and coast are in close proximity, resulting in diverse marine life. Humpback whales, giant manta rays, and whale sharks come here during their migrations, and is an important turtle rookery. Here, there is a significant history of explorers, pearlers, whaling and fishing. Spend time in Cape Range National Park with snorkelling at Turquoise Bay, a 1.2 km nature walk at Yardie Creek, and a visit to the Vlamingh Head lighthouse. Enjoy free time to explore Exmouth and the Ningaloo Discovery Centre.

SHARK BAY WORLD HERITAGE AREA

Shark Bay World Heritage Area was the first location in Western Australia to receive UNESCO World Heritage status. Known for colourful landscapes and rare flora and fauna, the region is home to 35% of Australia's bird species. Explore Francois Peron National Park and walk the Wanamalu Trail to spot wildlife from the lookout, taking in the vivid contrasts of the orange dunes with turquoise waters. Cruise past Cape Inscription Lighthouse, where Dirk Hartog came ashore in 1616 - the first recorded landing by Europeans on Australian soil.

THE ABROLHOS ISLANDS - WALLABI GROUP

The Abrolhos Islands lie in the south-flowing Leeuwin current, a meeting place for diverse sea life. The reefs around the islands have caused many shipwrecks, such as the famous *Batavia* in 1629.

Spend 3 days exploring three of Abrolhos island groups. At the Wallabi group, land at picturesque Turtle Bay to explore the marked snorkel trail. Conditions permitting we will also visit Beacon Island, site of the Batavia massacre - '*the island of Angry Ghosts*'. At the Easter Group, enjoy birdwatching and get up close with friendly sea lions. In the Pelsaert group, visit Liddon Pearls and learn about pearl cultivation and the crayfishing industry from a 4th generation fishing family.

THE ABROLHOS ISLANDS - PELSAERT (SOUTHERN)

At the Pelsaert (Southern) group we will have the opportunity to visit Liddon Pearl Farm and crayfishing operations on Post Office Island. Here we learn what is involved with growing the pearls, learning the different shells and pearl categories, and how the different types of pearls are set. We will also have insights into the renowned cray fishing industry of the island, from the family who has been in the Abrolhos for four generations. Later take the opportunity to snorkel the blue holes from the jetty.

AT SEA

If weather conditions allow, this morning we will enjoy snorkelling at one of the Pelsaert groups outer reefs before a relaxing day at Sea cruising to Fremantle. This evening, celebrate the end of your voyage with your fellow passengers and crew at the Captain's Farewell drinks.

ARRIVE FREMANTLE OR BROOME

Fremantle Arrival: Arrive in Fremantle at 7:30am for an 8:00am disembarkation. Post-cruise transfers to CBD hotels or the airport are included.

Broome Arrival: Arrive in Broome this morning for an 8:00am disembarkation. A post-cruise transfer to Broome CBD or Airport is included. If you're not transferring directly to the airport why not spend the day visiting world-famous Cable Beach or stroll the historic streets of Chinatown in central Broome.

IMAGES 1 Sea lion, Abrolhos Islands | 2 Explore Vlamingh Lighthouse | 3 Memorial cairn on Beacon Island marks the 350th anniversary of the Batavia shipwreck
4 Manta Ray, Ningaloo Reef | 5 Snorkelling and diving is available at Murion Island

NINGALOO & THE ROWLEY SHOALS

12 NIGHTS | BROOME > BROOME

MAY & JUNE 2027

Expedition Highlights

- Snorkel and dive the pristine and rarely visited Rowley Shoals.
- At the Montebello Islands, visit atomic ground zero, now a haven for wildlife including the rufous hare wallaby and lagoon rays.
- Snorkel, dive and beach comb at the Muiron Islands, and Pilbara inshore islands.
- Explore Cape Range National Park, including a walk at Yardie Creek, and snorkelling from Turquoise Bay.
- View petroglyphs under the guidance of the Murujuga land and sea rangers in the Dampier Archipelago*.
- Follow in the trails of early European Explorers – hear the tales of the shipwrecks of the *Tryall* and the *Barque Stefano*.
- Enjoy the optional opportunity to swim with whale sharks with an experienced local operator at Exmouth (additional cost, subject to health and fitness requirements).

ITINERARY: 12 NIGHTS > BROOME TO BROOME

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience.

DEPART BROOME
Enjoy a complimentary transfer to Broome Deep Water Port for boarding at 4:00pm. Settle into your stateroom before our departure. Take the time to become acquainted with all the facilities onboard. As dusk falls join guests and the friendly crew as we enjoy the Captain's welcome drinks and sit down to the first of many delicious dinners.

ROWLEY SHOALS
170 nautical miles offshore, Rowley Shoals' three atolls, Clerke, Mermaid, and Imperieuse, all offer unique diving and snorkelling. With sheer walls, channels, and crystal-clear water, the site provides striking underwater scenery. Conditions permitting, explore via Xplorer with guided snorkels, drift channels, and beachcombing on Bedwell Island, home to red-tailed tropicbirds.

DAMPIER ARCHIPELAGO | MURUJUGA
Consisting of 42 islands and islets, 25 of which are nature reserves, the iron-red Dampier Archipelago contrasts vividly with surrounding turquoise waters. Rich in natural beauty and Aboriginal and European heritage, it features thousands of Yaburara rock engravings, shell middens, and stone arrangements. Enjoy a Welcome to Country with local rangers, explore petroglyphs at Conzinc Bay, visit cultural sites, snorkel, dive, kayak, or spot birdlife, sea eagles, ospreys, and Rothschild's rock wallabies.

*Please note: viewing of aboriginal petroglyphs is subject to approval and guidance by traditional owners of the area, and cannot be guaranteed.

MONTEBELLO ISLANDS
The Montebello Islands ('Montes') are an archipelago of 250+ limestone islands off the Pilbara coast, rich in marine life, unique mangroves, and history. Here, we'll explore different areas, with opportunities for snorkelling, diving (conditions permitting), swimming, and wildlife spotting, including turtles, dugongs, dolphins, and rare rufous hare wallabies. Birdwatch for fairy and roseate terns, see lagoon rays, and visit Ground Zero at Trimouille or Alpha Islands to view the atomic test site plinth.

MUIRON ISLANDS
Located approximately 10 nautical miles off the North West Cape, the waters surrounding the uninhabited Muiron Islands are teeming with marine life. A variety of dive sites are on offer, including swim-throughs and ledges where nudibranchs, eels and angelfish hide. With fantastic bommies and protected reefs, snorkellers and divers will appreciate the variety of soft corals and gorgonians as well the incredible fish life. After in-water activities, stretch your legs on a stroll down the beach on these untouched islands.

EXMOUTH & NINGALOO REEF
Spend two days exploring the Ningaloo coast, where the Montebello Islands are a remote Pilbara archipelago of 250+ limestone islands, rich in marine life, rare wildlife, and bird colonies. Explore unique mangroves, snorkel or dive vibrant reefs, spot turtles, dugongs, and dolphins, and visit historic sites including the 1950s atomic test Ground Zero.

On the first day, enjoy a coach tour of Cape Range National Park, drift snorkel at Turquoise Bay, walk Yardie Creek, see Vlamingh Head lighthouse and the Mildura wreck, and explore the Ningaloo Centre & Aquarium in Exmouth.

The next day, choose from optional local tours (whale shark swim, glass-bottom boat, or snorkel tour) or join our expedition team for a guided Bundegi Beach walk and snorkel at Bundegi Reef. Free time in Exmouth or on board is also available.

SERRURIER ISLAND
Serrurier Island is one of the Pilbara inshore islands, which are an important breeding and resting places for migratory and resident shorebirds, seabirds and marine turtles. Enjoy this truly off the beaten path and untouched snorkelling location.

MONTEBELLO ISLANDS
A twitcher's delight, the islands are considered an Important Bird Area, as they support over 1% of the world populations of fairy and roseate terns, as well as sooty oystercatchers The islands also have a fascinating maritime history. Today we revisit the Montebello Islands to explore a new area of the archipelago, with opportunities for wildlife spotting, snorkelling, or diving.

DAMPIER ARCHIPELAGO - WEST
As we return to the Dampier Archipelago to explore a different area of this vast island group, we focus on in-water activities with snorkelling, diving, or walks likely on Malus Island (weather dependent).

DAY AT SEA
Relax on deck as we spend a day at sea, with onboard presentations from our Guest Lecturers, workshops, and demonstrations.

DAY 13: ARRIVE BROOME
Our incredible adventure concludes in Broome this morning as we arrive and disembark at 8:00am. Bid farewell to new-found friends, the Captain and crew.

A post-cruise transfer to Broome CBD, Cable Beach or airport is included. If you're not transferring directly to the airport why not spend the day visiting world-famous Cable Beach or stroll the historic streets of Chinatown in central Broome.

WHALES AND TRAILS OF WESTERN AUSTRALIA

12 NIGHTS | FREMANTLE TO FREMANTLE

OCTOBER 2027

Expedition Highlights

- Witness various whales in their natural environment; Humpbacks, Southern Wright Whales and Blue Whales.
- Walk sections of the iconic 'Cape to Cape' trail; consistently voted one of Australia's best hiking experiences.
- Learn about the Noongar people's relationships with the coastal environment and the role that whales and other marine mammals play in their culture.
- Take in spectacular wildflower blooms in diverse landscapes and learn to identify various species and variations.
- Engage with specialist marine experts and discover their research and conservation goals for the species.

ITINERARY: 10 NIGHTS > FREMANTLE TO FREMANTLE

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience.

DAY 1: DEPART FREMANTLE | WALYALUP

Meet the Whadjuk Noongar people, who have been on this land for over 30,000 years and join a guided walk to learn about seasonal life, culture, and welcome ceremony. Join a guided walk on the Wadjemup Bidi trails. Whale-watching hotspots on this stop include Cape Vlamingh and West End (conditions permitting). Enjoy free time to explore the various beaches, trails, museums and installations.

ROTTNEST ISLAND | WADJEMUP

For approximately 30,000 years, the Noongar people have gathered in this area, which served as a seasonal meeting place abundant with food sources and ceremonial sites. Today we will take a guided tour with descendants of the Noongar people, along the 5.3km Mangrove walk. Learn about the bush foods and medicine used in this area as well as Dreaming stories of the region.

EAGLE BAY

Enjoy flexible exploration of Eagle Bay with two full days to walk Cape-to-Cape trail, with several opportunities to walk short, medium and long trails. In the afternoon, relax with sunset drinks as we cruise past Cape Naturaliste Lighthouse.

Optional Extra: Whale-watching charter from Dunsborough (additional cost) offers closer and additional encounters.

SEA DAY

Unwind after busy days ashore with time to relax on deck or in your stateroom. Join guest lectures from regional experts, enjoy a hosted wine tasting, and watch for whales from the ship as we cruise along the coast. Evenings bring good company, fine food, and the chance to slow down.

ALBANY | KINJARLING

Discover Western Australia's oldest colonial town, rich with Minang Noongar heritage and maritime history. Learn how whaling shaped Albany's past, then in free time explore bicentenary exhibitions, galleries, and cultural events. Stroll through wildflower displays and uncover stories linking land, sea, and community.

POINT ANN | WHALEBONE POINT

Walk the Point Ann Heritage Trail, or hike Mamang Trail and watch for whales from ashore or on Xplorer tenders. Southern right whales are known to frequent in the bay due to the sheltered bay. Enjoy snorkelling or kayak if conditions allow.

CHEYNES BEACH

Cheynes Beach is another hub for southern right whales, as well as various other marine species from early winter to late spring. Here, learn about groundbreaking whale migration research and the Mirnong Maat (whale journey) tagging project. On land, search for rare birdlife like the elusive noisy scrub-bird and join a coastal walk into the Arpenteur Nature Reserve.

AUGUSTA

Wander beneath towering karri trees, the third tallest in the world on a guided loop walk through the Boranup Forest. During Kambarang, the 'season of rebirth', the forest bursts to life with wildflowers. Learn about Noongar bush foods, medicines, and cultural traditions tied to this unique landscape.

BUSSELTON | UNDALUP

As one of Western Australia's oldest settlements, Busselton is a hub for food, wines and spirits. Ride the small train or walk the iconic 1.8km jetty, explore heritage trails, art, and markets, or enjoy local produce at a cafe. With free time to wander, discover a vibrant coastal hub rich in culture and history.

ARRIVE FREMANTLE | WALYALUP

This morning we arrive into the Port of Fremantle, C Berth, at 7:00am before disembarking at 8:00am. There will be post cruise transfers provided to the Perth Airport and CBD hotels of Fremantle and Perth.

IMAGES 1 Enjoy whale watching from the shore, ship or Xplorer tender | 2 Explore Cape to Cape trail, Eagle Bay | 3 Albany Whale Museum 4 Sugarloaf Rock, Leeuwin-Naturaliste National Park, credit Tourism Australia | 5 Quokka, Rottnest Island

BOUNTY OF WESTERN AUSTRALIA

12 NIGHTS | FREMANTLE

OCTOBER 2026

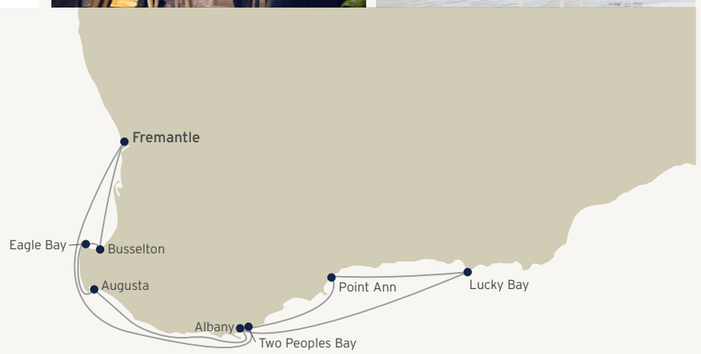

Expedition Highlights

- Savour the region's celebrated food and wine, including Margaret River wines and local produce.
- Explore Western Australia's spectacular southwest coastline, from Cape Naturaliste to Cape Le Grand.
- Encounter iconic Australian wildlife and wildflowers, from southern right whales and kangaroos to vibrant coastal blooms.
- Discover local culture and heritage, from Indigenous-owned Mitu Wines to Albany's historic landmarks.
- Venture into remote coastal wilderness, with scenic walks, tender excursions, swimming, snorkelling and kayaking.

IMAGES 1 Savour the flavours of a Leeuwin Estate long lunch | 2 Explore the vistas of Eagle Bay and Cape Naturalist | 3 Chat with local artisans at busselton's Origins Market | 4 Beachcombe Lucky Bay and keep an eye out for resident kangaroos | 5 Disembark by Xplorer tender at Point Ann to explore its pristine wilderness

ITINERARY: 12 NIGHTS > FREMANTLE TO FREMANTLE

This is an indicative itinerary covering remote areas. Your Expedition Team will make changes to the daily schedule as necessary to maximise guest experience.

DAY 1: DEPART FREMANTLE | WALYALUP

Board *Coral Geographer* at 4:00pm, where you will meet our expedition staff as they introduce you to the journey and the many experiences you will enjoy. This evening, join the Captain's welcome drinks and meet your crew and fellow guests as the sun sets.

BUSSELTON | UNDALUP

One of Western Australia's oldest European settlements, Busselton is known for its rich history, vibrant food and wine scene, and 1.8 km timber jetty, the longest in the Southern Hemisphere. Together, we'll explore the vibrant Origins Market, meeting local artisans and discovering an array of handcrafted products, regional flavours, and unique treasures from the Southwest.

EAGLE BAY | CAPE NATURALIST

Explore Eagle Bay and Cape Naturaliste, a spectacular stretch of coastline with pristine beaches, rugged granite headlands, and diverse native bushland. Enjoy opportunities for swimming, snorkelling, beachcombing, and coastal walks. Later, join an onboard Mitu Wines presentation and tasting, featuring premium Margaret River wines and stories of culture, Country, and connection behind this Indigenous-owned wine label. End the day with a sunset sail around Cape Naturaliste, taking in sweeping views across Geographe Bay and the Indian Ocean, with opportunities to spot dolphins, seabirds, and seasonal whales.

AUGUSTA | TALINUP

Experience the best of Augusta over two days, where dramatic coastlines, abundant marine life and exceptional local flavours come together. Set out on a scenic coastal walk with opportunities to spot migrating whales and discover the region's unique marine environment. Indulge in premium Southwest produce, from a Subsea Estate Winery presentation and fresh abalone tasting to a celebrated Leeuwin Estate Long Lunch. Immerse yourself in the world-renowned Margaret River region, exploring its vineyards, landscapes and culinary traditions. Meet passionate local producers and wine experts, gaining insight into the region's celebrated wines, seafood industry and distinctive food culture. Enjoy guided tastings, wildlife encounters, scenic photography surrounded by the natural beauty of Western Australia's southwest.

ALBANY | KINJARLING

Albany, is one of Western Australia's oldest settlements, where rich history, coastal landscapes and local flavours come together. Over two days venture through the town's heritage. Visit historic landmarks, colonial architecture sites and listen to stories of the past, or enjoy free time browsing local galleries, boutiques, cafés and artisan stores. Savor Albany's renowned craft spirit scene with a behind-the-scenes Limeburner's Distillery tour and tasting, learning about local whisky production and regional craftsmanship. Take in the beauty of the Great Southern coastline with a scenic cruise around Breaksea Island and Seal Island, with opportunities to spot marine wildlife along the way. For those looking to explore further, the Ellen Cove Boardwalk to Middleton Beach offers spectacular ocean views and a chance to experience Albany's dramatic coastal scenery.

LUCKY BAY

Explore the spectacular coastline of Cape Le Grand National Park, where dramatic granite peaks, pristine beaches and turquoise waters create one of Australia's most iconic coastal landscapes. Visit the famous Lucky Bay, known for its bright white sand, crystal-clear water and the chance to spot kangaroos resting along the shoreline. Enjoy time to explore this remarkable environment through beachcombing, swimming and coastal walks, including the scenic trail from Lucky Bay to Thistle Cove. Cruise the coastline aboard the Xplorer tender, taking in views of rugged headlands, secluded bays and the natural beauty of Esperance's wilderness.

POINT ANN | DOUBTFUL BAY

Point Ann, is a remote wilderness destination within a UNESCO Biosphere Reserve, recognised for its exceptional biodiversity and unique coastal ecosystems. This remarkable region is one of only two locations in Australia where Southern Right Whales gather in large numbers to calve, offering incredible opportunities for whale watching from shore and aboard our Xplorer tenders. Take in the rugged beauty of the coastline through sections of the Mamang Trail and Point Ann Heritage Trail, with opportunities for beachcombing, swimming, snorkelling or kayaking, conditions permitting. Surrounded by pristine beaches, offshore islands and diverse wildlife, Point Ann offers breathtaking views and a peaceful escape into nature.

TWO PEOPLES BAY

A coastal haven known for its white sand beaches, turquoise waters and remarkable wildlife. One of the few places on mainland Australia where quokkas can be found, the area is also home to the critically endangered noisy scrub-bird and offers spectacular views across the bay. Enjoy a day of coastal exploration with walks to scenic lookouts, a hike from Two Peoples Bay to Little Bay, with opportunities for swimming, snorkelling and kayaking in the sheltered waters (conditions permitting).

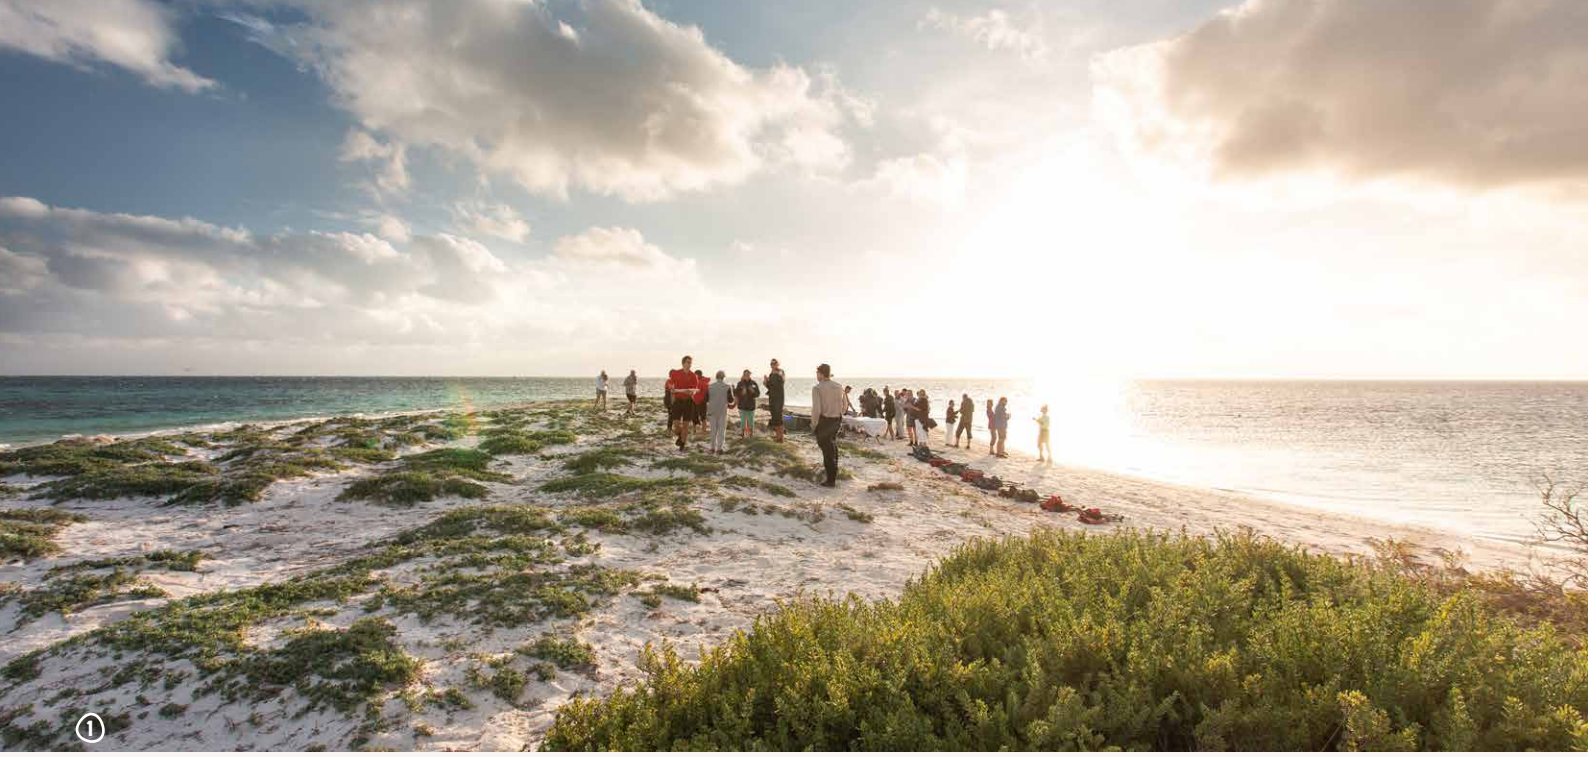

SEA DAY

Enjoy your last day aboard *Coral Geographer* as we steam back to Fremantle, reflecting on the incredible voyage we shared together. Take the opportunity to relax, make use of the onboard facilities or connect with fellow passengers.

DAY 13: ARRIVE FREMANTLE | WALYALUP

Today we say farewell to crew and fellow passengers arriving in Fremantle at 7:00 am guests will disembark at 8:00am. Post cruise transfers will be made to Fremantle, Perth CBD and the airport.

IMAGES 1 Sunset drinks, Abrolhos Islands | 2 Snorkelling from the beach, Turquoise Bay | 3 Abrolhos Island landmark | 4 Coral gardens, Ningaloo Reef
