PEARL EXPEDITIONS

Pearl Expeditions offers intimate adventures aboard the purpose-built *Paspaley Pearl*, hosting just 32 guests. Blending comfort with true exploration sensibility, our expeditions are designed together with her advanced technology, small size and access to areas rarely visited. Each journey is crafted around discovery, connection and responsible exploration, showcasing our signature remote destinations in a sustainable, deeply personal way.

DESTINATIONS

THE KIMBERLEY

Formed 1.9 billion years ago, the Kimberley is a land of ancient landscapes, rugged coastlines, and 14-metre tides that continue to shape the rugged coastline around remote environments ranking among the most pristine on the planet. The Kimberley is so harshand. Each year, we spend six months immersed in its vast landscapes, during the region's beautiful and temperate dry season in Australia's North West.

Selected voyages also include exclusive Pearling experiences that cannot be replicated – visit remote Kuri Bay pearl farms, inclusion to exclusive pearling events and to hand-hew the oyster shells are seeded and cultivated, to flight opening spectrum onboard Paspaley's vintage flying boats.

Our Kimberley home ports of Broome and Darwin internationally, and are also home to our regular commercial airline services. Kununurra is convenient air connections via Broome or Darwin.

PAPUA NEW GUINEA

We venture deep into the remote corners of this fascinating country, engaging with ancient village communities and learning from the rich, traditional cultures of its people. Charter flights connect guests from Cairns to Madang (return), offering a seamless transition into an effortless journey.

RAJA AMPAT, INDONESIA

Known as the global epicentre of marine biodiversity, this remote paradise is made up of over 1,500 islands across 70,000 square kilometres of ocean and land. With a small population of just 43,000 people, it is also a sanctuary for rare and exotic bird species. Despite its remoteness, Sorong is accessible, with charter flights connecting guests directly from Cairns or Sorong or via Jakarta (all flights are).

EASTERN INDONESIA

From Ora to Bali, our journey includes swimming alongside whale sharks in Saleh Bay, witnessing the power of Komodo dragons and deep cultural connections with local communities.

BORNEO

Three extraordinary encounters, on the unforgettable expedition. We embark for the "faces in the forest": orangutans, with whom we share 97% of our DNA. Then Bornean elephants, we'll encounter not only orangutans but also Bornean gibbons, macaques, and the incredible biodiversity of this remarkable wilderness. A wide range of habitats supports a rich diversity of sharks that can reach 18 metres in length and live for over a century. It is Komodo National Park, well among as many as 3,500 wild Komodo dragons, the world's largest living lizards.

ARNHEM LAND

Sailing from Darwin to Arnhem Land's rugged, tide-swept traces waters the Yolnu people have travelled for tens of thousands of years, connecting more than a dozen distinct language and art groups along the Australian coastline. Guided by partnerships with traditional owners, it offers rare access to living cultural traditions found nowhere else on Earth.

TORRES STRAIT & GREAT BARRIER REEF

Stretching between Australia's northern tip and Papua New Guinea, this remote territory of 274 islands forms one of the world's most significant cultural crossroads. Home to distinctive Torres Strait Islander communities for more than 2,500 years, it also marks the gateway to the Great Barrier Reef, the world's most extensive coral reef system.

Experience the Great Barrier Reef in an intimate and unhurried way, snorkelling among vibrant coral gardens and abundant marine life.
